ANNUAL REPORT

OF THE

INSPECTORS

OF THE

ALABAMA PENITENTIARY,

FOR THE YEAR ENDING SEPT. 30, 1878.

TO THE GOVERNOR.

MONTGOMERY:

BARRETT & BROWN, STATE PRINTERS.

1878.

REPORT OF THE INSPECTORS.

ALABAMA PENITENTIARY,
October 21, 1878. }

To His Excellency, George S. Houston,

Governor of Alabama :

SIR—We now submit our report, showing the workings of this institution for the year ending September 30, 1878. Section 4546 of the Code of Alabama, adopted by the last General Assembly, requires that our report shall show the workings of this institution for the past twenty-four months; but having on the 24th day of October, 1877, made out and submitted to your Excellency a report in the usual form, for the fiscal year ending September 30, 1877, we beg to refer you to that report, and shall confine our statements in this report to the twelve months ending September 30, 1878.

Our tabular statement, herewith transmitted, shows the number of convicts in the penitentiary on the 30th day of September, 1878, to be 654, being one (1) less than the number for the same day last year.

The number of deaths for this year is 18, against 45 for last year, and the escaped, 23, against 34 for last year.

On the 28th day of April last, twelve men escaped from the officers having charge of the convicts employed by the Eureka Company, some of whom were desperate men. Of this number only six have been captured. We are pained to state that the escape of these men was the result of negligence and a want of proper organization at the time. It is sometimes difficult for contractors to keep their organization to a high standard. This business, to be successfully managed, requires trained and experienced guards, and contractors, after employing men and training them, are not always able to retain them in this service, and they are often forced to supply their places by new and inexperienced guards. Such was the case at the Eureka mines. We think the escape, however, was

inexcusable, and have used what powers we possess under the contract to force them to be dilligent for the capture of these men.

The warden has continued his contracts as mentioned in our last report, and has added to the number Mr. N. J. Stallworth, at Bell's Landing, in Monroe county, to whom he has hired ten convicts.

We still continue our quarterly inspection of convicts employed outside the walls, as stated particularly in our former reports, and represent to your Excellency continued improvement in the system.

We transmit herewith the warden's report, and call especial attention to his statements with reference to the Wetumpka Branch Railroad, and to the tables showing the earnings and disbursements of the institution. Arrangements for the free transportation contemplated by the contract for building of said branch railroad have not been perfected. The warden is now keeping an account of money paid out for transportation, which, under an arrangement between him and the officers of the South & North Railroad, will be refunded when said arrangements for free transportation shall have been perfected.

We, also, call attention to the chaplain's and physician's reports, which are herewith submitted, for information as to the physical and moral status of the prisoners retained in the walls.

The buildings are in a fine state of preservation, and the lands belonging to the penitentiary are in a high state of cultivation, affording abundant supply of vegetable diet for the prisoners, as well as lessening the outlay for their sustenance. The live stock belonging to the penitentiary are in fine condition, and will afford, during the winter, from five to six thousand pounds of pork.

We are respectfully,

Your obedient servants,

J. M. BRADFORD,

A. T. GOODWYN,

J. H. JUDKINS,

Inspectors of Alabama Penitentiary.

REPORT OF THE WARDEN.

ALABAMA PENITENTIARY,
Wetumpka, September 30th, 1878. }

To Messrs. J. M. Bradford,

A. T. Godwyn, and J. H. Judkins, Inspectors :

GENTLEMEN—Herewith I have the honor of submitting the Fourth Annual Report of my administration of this Institution, for your consideration.

Through the blessings of Providence the convicts within and without the walls have enjoyed reasonably good health, and while a good portion of our fair country has been blighted by that dreadful scourge—yellow fever—we are profoundly grateful to the Father of all mercies that we have been exempt from the ravages of this direful disease.

It is my pleasure to be able to report, that the contract system of working convicts outside of the walls is now becoming efficient and effective, and in a large majority of cases, under the mild and humane treatment sought to be practiced towards the inmates of this prison, under the rules and regulations established for its management, gives hopeful promise in many cases of the reformation of the convict, the great end aimed at by the law.

From tables A, B, C, D, you will find a full expose of the workings and earnings of the Institution for the fiscal year just ended, and we beg that we may express with pardonable pride cause of congratulation as to our financial success, as well as the sound and prosperous condition attending the management of this Institution—that is, in putting money into the State treasury instead of drawing it therefrom.

Regarding the contract under which we built the Wetumpka Branch Rail Road, we quote from our last report as follows: "The last General Assembly of our State passed an act authorizing the Warden of the Penitentiary to contract with the South & North Ala. R. R. Co., for the grading, &c., of a branch railroad from El-

more Station to some point at Wetumpka, on the Western bank of the Coosa river. Under that act I was unable to effect a contract with said Railroad Company; but regarding it as of vital importance to the permanent welfare and success of the Institution to be connected by rail with that great road of our State, and taking the act referred to as a legislative decree of the State to the same effect, and falling back upon the provisions of the *general law* defining my powers and duties as Warden, with your concurrence, I signified my willingness to grade, trestle, and furnish cross-ties for said road.

"Thus, upon the following terms, a contract was entered into between Messrs. Williams & Kyle, and the said South & North Ala. R. R. Co., and transferred to the Warden and his successors in office for the use of the State: All the fees, charges and tolls for the term of twenty (20) years from the time the regular trips over said Branch road shall be commenced, for passing over said Branch road the following persons and things, to-wit: The Warden, Deputy Warden, Clerk, Physician, Turnkeys and Guards of the Penitentiary, and all officers of the State on official business connected with the Penitentiary; also, all supplies or material going for the use of the same; also, all sheriffs or deputies, or guards of convicts, or prisoners going to the Penitentiary, and all discharged prisoners returning from the same.

"Consequently, and pursuant thereto, on the 20th day of August, 1877, I began the task of grading, &c., said Branch road, and on the 1st day of last March completed said road.

"In obedience to said contract, the South & North R. R. Co. commenced placing the superstructure thereon, which was completed and trains commenced running on regular schedule time the 2nd day of this instant, September.

"The benefits to result to the treasury of the State, as also to the welfare of this Institution, by the building of said road, aside from the increased resources for taxation thereby developed will be highly remunerative for the labor bestowed by me in the doing of said work, and I have no doubt of your ready concurrence with me in this belief."

By reference to table, you will discover that our annual expenses for the fiscal year just ended is but a little in excess of former years, although we have incurred the total expenses of building this Branch road. This, however, is explained by the fact that the citizens of Wetumpka, Montgomery, and surrounding country con

tributed \$2,000 00 to aid me in adjusting bills of expense necessarily incurred in building this road, which I was unwilling to entail on the State, when I entered into contract to do this work.

Appended hereto, marked Exhibit X, you will find statement of R. T. McDonald, Engineer of Wetumpka Branch Road, giving a detailed statement, by itemizing all work done by me in building said road.

As to the sanitary condition, hospital accommodations and the religious culture and privileges extended to the convicts, I respectfully refer you to the reports of the Physician and Chaplain, which will by them be submitted to your body, and which I have no doubt will be highly satisfactory.

To you, gentlemen, and all officers of the Penitentiary, I return my sincere thanks for your unvarying kindness and readiness to aid me in the discharge of my duties as Warden of this Institution.

Very respectfully, your o'bt serv't,

J. G. BASS, *Warden.*

PHYSICIAN'S REPORT.

ALABAMA PENITENTIARY, }
September 30th, 1878. }

To the Board of Inspectors:

I have the honor and satisfaction of reporting to you a more healthful condition of the State Prison, for the year 1878, than has been reported for five or more years previously. The great amount of sickness that has prevailed in the country adjacent to the penitentiary during the past summer, and the entire freedom of this institution from any epidemic, or endemic disease, shows conclusively that strict hygienic measures have been adopted by the warden.

During the year ninety-one (91) cases have been treated in the hospital, and four (4) deaths have occurred. The following are the names of the deceased:

Peter Williams, pulmonary consumption.

Laura King, valvular disease of heart and pneumonia.

Dinah Prince, apoplexy.

William Thompson, tuberculosis of the lungs and bowels.

I also take pleasure in stating that the convicts employed by Mr. Thomas Williams, under his contract with the Governor, have been equally well cared for, and have enjoyed remarkably good health, showing only two (2) deaths out of the one hundred employed by him, to-wit:

Lewis Hunter, apoplexy.

Tucker Martindale, dropsy.

Thanking you gentlemen for your many courtesies, I am your obedient servant,

McN. CRAWFORD, M. D.,
Physician for Alabama Penitentiary.

REPORT OF THE CHAPLAIN,

FOR THE YEAR ENDING SEPTEMBER 30TH, 1878.

To the Board of Inspectors of the Alabama Penitentiary:

GENTLEMEN—It affords me much pleasure to inform you that I think our system is as good as we can make it for the State prisoners. In the first place, we preach every Sabbath. Secondly, we have morning services, in which we read the Holy Scriptures and lecture to the class. We have a number of religious and circular papers, and books of general reading; also, a quantity of Sabbath school papers, which we distribute among the convicts. They take great interest and delight in our services. Some five or six have professed to have found pardon through the abundant goodness of God. It is exceedingly gratifying to state that we feel our labors have been beneficial to the prisoners. We often spend the afternoons making pastoral visits.

The Warden, and all the other officers, give us their attention and assistance. They do all in their power to aid me in the discharge of my duty, for which I thank them most sincerely.

Praying that the blessings of God may forever rest upon the State and its institutions, we respectfully submit the above to you for perusal.

Yours most obediently,

HARRIS STERNS,

Chaplain.
